

Date : 2<sup>nd</sup> June 2021

Yash Sanghani

## **Day -7**

### ❖ Day-7 : What we have learnt ?

- In today's session we created project and app.
- After that we run our server and make migrations.
- And we added urls to the url.py files.

This Internship is Task Based Internship. So at the end of this session we got one Task.

**Task** :- Print Hello\_World using basic Django.

**Output**

**Day\_7**
